

**Moon Phases Worksheet**  
**Textbook pages 412 - 413**

- 1) Click on the following link:  
<http://www.sumanasinc.com/webcontent/animations/content/moonphase.html>
- 2) Complete the diagram below using the simulation. Draw an arrow to show the Earth's rotation, draw the different moon phases and label them.

3) Does the moon produce it's own light? Why can we see the moon?

- No, we see the moon because it reflects the sun's light.
